

IPOINT DATA SHEET

CONNECT Pro Case and Stations

WIRELESS CHARGING & MOUNTING SYSTEM

IPOINT CONNECT PRO is a sophisticated and modular platform for holding, charging, and protecting dedicated-use iPads at home and in professional deployments. With an advanced network of electronics and support for both Lightning and USB-C, CONNECT PRO is compatible with all iPad models on the market today, including iPad Pro.

THE SYSTEM

The CONNECT PRO system operates using a Case and station. For permanent vertical placement, the CONNECT PRO WallStation can be wired for power electrically or using PoE+ and optional CONNECT PoE+ Upgrade. CONNECT PRO BaseStation can be powered optionally with the CONNECT PoE+ Upgrade or the supplied power cord for table top and solid surface docking.
